

# Calling all Medics!

I am e-mailing to invite students from your school to a **free** upcoming event on **Saturday 23rd March 2019 in Bolton** for Year 12 (lower sixth) students who wish to study Medicine at university. We would love to see some of your students there!

The event is **free** to attend. The event will give attendees the opportunity to take part in various activities that will give you the skills to apply to Medical School:

PBL

Communication Skills for Future Doctors

Practical skills

Lectures on life at medical school

Applying to medical school

Q&A with Medical Students and Doctors

Health Politics and Ethics

The event is being run by current Medical Student volunteers for the project Manchester Outreach Medics, a branch of University of Manchester Students' Union. **We do not gain anything from running these events!** We want to help prospective medical students navigate the hoops medical school requires them to jump through! Our events have received awards and excellent feedback in the past.

Students just need to apply via the link below to register their interest. You may have received an e-mail like this already for previous events. This event is the same, but in a different location.

A limited number of places are available. To register their interest, the only thing sixth formers need to do is complete the survey below by 16th March 2019:

<https://umsu.onlinesurveys.ac.uk/moms-event-23rd-march-2019>

Those who have been allocated a place will be contacted approximately 7 days before the event. If a sixth former is not contacted, they will not have received a place. We apologise for this but we have a limited capacity due to funding and safeguarding limitations. We honestly would take everyone if we could! On the day we require you to bring a completed parental consent form and photograph consent form which is attached to this e-mail.

# Calling all Medics!

<b>Attendee Timetable</b>			
<b>Time</b>	<b>Groups 1-4</b>	<b>Groups 5-8</b>	<b>Groups 9-12</b>
<b>10:30 – 11:15</b>	<p align="center"><b>Registration, Practical Skills and Q&amp;A Stalls</b></p> <p align="center"><i>Attendees register, fill in a pre-event questionnaire, and go to the lecture hall. In the lecture hall, they can take part in practical skills and Q&amp;A with medical students.</i></p>		
<b>11:15 – 11:45</b>	<p align="center"><b>Welcome Presentations</b></p> <p align="center"><i>The leading member of the team welcomes everybody and explains the itinerary for the day. Following this, a half an hour presentation on 'Applying to Medicine' and 'Life at Medical School'.</i></p>		
<b>11:45 – 12:15</b>	<p align="center"><b>Mock PBL case</b></p> <p align="center"><i>Attendees are split up into small groups ran by medical students. Medical students explain what PBL is and attendees then take part in their own PBL session.</i></p>		
<b>12:15 – 12:45</b>	<p align="center"><b>Introduction to Communication Skill</b></p> <p align="center"><i>Staying in small groups, medical students teach attendees basic communication skills for interviewing patients, and facilitating practise.</i></p>		
<b>12:45 – 13:15</b>	<p align="center"><b>Top Tips For Applying</b></p> <p align="center"><i>A whistle-stop tour of tactically applying to your strengths to maximise your chances of getting an offer</i></p>		
<b>13:15 – 14:00</b>	<p align="center"><b>Lunch</b></p>

<b>15:00 – 15:45</b>	<b>Personal Statement and Medical Ethics</b>	<b>Simulated Primary Care Centre</b>	<b>UKCAT/BMAT</b>
<b>15:45 – 16:30</b>	<b>UKCAT/BMAT</b>	<b>Personal Statement and Medical Ethics</b>	<b>Simulated Primary Care Centre</b>
<b>16:35 – 16:45</b>	<p align="center"><b>Wrap-up</b></p> <p align="center"><i>Post-event questionnaires filled in by attendees.</i></p>		

# Manchester Technology Degree Apprenticeship (Software Engineer) 2019

- Obtain a world recognised BSc Degree in Digital & Technology Solutions whilst gaining invaluable work experience. The apprenticeship lasts for 3 or 4 years with a combination of on-the-job training, as well as structured training & courses.
- You'll need:
- A real curiosity about technology: how things work and a keen interest in building skills in this area.
- To be a strong communicator with logical mind-set and problem-solving abilities.
- A commitment and willingness to invest in your learning and development, devoting the time to the training and study required.
- Flexibility to travel to different offices and client's sites throughout the UK (non-study days).
- There are no minimum entry requirements.
- Applications are now open. Positions are filled on a first come first serve basis, so we encourage you to apply early to avoid disappointment.

# Network Rail Apprenticeships

## **Apprenticeships at Network Rail – more than just an education**

You'll have three amazing years on our apprenticeship scheme. Your first 21 weeks will be spent [living and learning at Westwood](#), our training centre in the Midlands. The rest of your scheme will be spent working from a depot close to home. Specialising in electrification and plant, overhead lines, signalling, telecoms, track or off track, you'll receive expert training.

## **Your career path**

Whichever career path you choose, you'll be working to transform this vast network of rail, signals, electrified lines and telecommunications to get them ready for the future. All the while you'll be building experience that will set you up for the future, too.

Our railway lines are the economic arteries of our nation. The vital work you will be doing will help keep the lines safe and reliable for the millions of people who use the railways every day.

Don't worry if you're not sure which path to take. During the assessment process our experienced team will find the best opportunity based on your strengths.

# Apprenticeship at Tesco- Commercial

Salary: £20,000

What you need: 96 UCAS (post 2017) or 240 UCAS (pre 2017), GCSE Maths + English (Grade C/4 or above)

Where: Welwyn Garden City, Hertfordshire

Application deadline: 17 March 2019

Programme start date: 2 September 2019

**[More details can be found below](#)**

[https://www.tesco-programmes.com/apprenticeships/commercial/?utm\\_source=email&utm\\_medium=email&utm\\_campaign=client+mailing](https://www.tesco-programmes.com/apprenticeships/commercial/?utm_source=email&utm_medium=email&utm_campaign=client+mailing)

# Get the very best possible start in the exciting fields of Games, Animation and Visual Effects (VFX) with NextGen short courses, full-time Level 3 courses and Apprenticeships.

Our short courses, sometimes delivered in partnership with organisations including the British Film Institute (BFI) and the Prince's Trust, last for anything from one day to three weeks. You will try your hand at techniques used for making games, television and films. The skills you learn will be useful in the workplace and will help you make decisions about longer courses.

We currently offer a full-time [Level 3 course](#) at selected further education colleges. NextGen has worked closely with employers to identify what they most need from new recruits. You will learn essential skills – particularly in maths, programming and art - and an awareness of industry practice in our two-year Extended Diploma in Games, Animation and VFX Skills, accredited by AIM Awards and comparable to three A Levels. The next start date for the course will be September 2018.

NextGen has developed two [Higher Apprenticeships](#) in VFX: Junior 2D Artist and Assistant Technical Director. A Higher Apprenticeship for the games industry is also currently under development: this will be a Quality Assurance Technician/Analyst apprenticeship . You will be trained mostly on the job, by people at the very top of their game, and earn as you learn. Roughly 20% of your time will be spent studying in a classroom, learning the deeper, wider knowledge you need to progress your career. Start dates are by arrangement with your [employer](#) and [training provider](#).

Why pay to learn  
when you can  
**be paid to learn?**

# John Moore's Computing Discovery Day

## Event Summary:

Find out what it's like to be an undergraduate. Thinking about going to university? Sign-up for a Subject Discovery Day. At the event, you'll be able to find out what an undergraduate course is all about. You'll also get to meet and work with our academic staff and current students.

## Full Event Details:

Here's an overview of what you might do:

Sample one of our undergraduate programmes

Take part in a lecture

Try a practical workshop

Experience a laboratory session

Visit our teaching facilities

Ask staff and students questions

Subject Discovery Days are intended for Year 12 (or above) students.

If you'd like to register for the event, or if you'd like to register a group for the event, please find the event you're interested in from the list below and follow the register

Subject Discovery Days are allocated on a first-come-first-served basis.

Once you have registered, you'll receive more information about the event. We look forward to meeting you.

For more information please email us at [outreach@ljmu.ac.uk](mailto:outreach@ljmu.ac.uk) or telephone us on: 0151 904 6385.

Individuals (Enquiry not required to be through a school)

## Dates Available:

**This event is delivered at the university on the following date(s):**

27th March 2019

# JMU Summer Universities

## Do you want to experience life at University?

4 JUL - 18 JUL

LJMU

12.00pm

During your three days you will:

- Find out more about LJMU programmes
- Stay in student accommodation
- Meet current students
- Make new friends
- Get the real insider view on University

The Summer Universities at Liverpool John Moores University (LJMU) are a fantastic way to find out what life at university is really like. The whole programme is free of charge to students in Years 12 and all we ask is that you fund your own way to and from Liverpool.

You will spend three days and two nights working alongside our academic staff and current students. By staying in real student accommodation you will get a feeling for what it is like to live away from home. If you are from outside of Liverpool, you will have the option of a city-tour, taking in the sights and sounds of our amazing city. In addition everybody will go out each night for food in the centre of Liverpool and afterwards will take part in a range of evening activities to keep you entertained and enable you to meet new people and make friends.

The daytime academic sessions are designed to give you a real taste of what it would be like to study at LJMU and help you to decide which course is right for you!

# JMU Campus Tours

Can't make one of our open days, then come on a campus tour which are led by one of our Student Advocates.

## **What is a campus tour?**

A current Liverpool John Moore's University student will lead you around the campus that the course you are interested in is based at. You will learn about various aspects of life as a student here. Your tour guide will show you the facilities, as well as an example of the student accommodation we have on offer.

Please allow approximately 1-2 hours for your tour starting at 1.30pm.

Got a question? Please contact us:

Telephone: 0151 231 5090

Email: [courses@ljmu.ac.uk](mailto:courses@ljmu.ac.uk)

Who should go on a campus tour?

If you were unable to attend one of our main open day events, or you would like to invite your family or friends to take a look around, a student-led campus tour might be for you.

Suitable For: Individuals (Enquiry not required to be through a school) Parents Families

# Interested in the Merchant Navy?
