Liverpool John More's University Student Shadowing Scheme

The Student Shadowing scheme offers prospective students the chance to attend lectures, seminars and workshops and get an authentic taste of university study.

You can ask any questions you have about going into Higher Education and what it is like to live and study while at university, along with taking tours of the campus and accommodation.

Days begin between 8:30am and 12pm, and finish between 3pm and 5pm. To help make your decision, find out more about our courses or contact the Outreach Team.

Dates Available:

This event is delivered at the university. Please [contact us](#) to arrange a date.

Eton College University School 2020

The summer school was established in 1982 as a ten day residential course for pupils who have just completed year 12 and are contemplating entry to university in 2021.

Applicants should have the intention of applying for a place at a well ranked UK university; either Oxford, Cambridge or other Russell Group Universities. As far as possible the course supplements normal school work and avoids the topics covered during Advanced Level and IB Teaching. The aim is to provide an intensive and exciting programme to enrich the intellectual experience of those participating and to give them the opportunity to exchange ideas with able students with similar interests from other schools. Further information can be obtained on the Eton College

website <http://www.etoncollege.com>.

Application forms can be obtained from Mr Cooke
