Submitting Work

Throughout the week the details of the programme, which is extensive, will remain published on SMHW

Careers will be sending you some additional links to a range of resources also on SMHW

We won't expect you to submit work but we **will** want to know what you have found useful.

At the end of the programme we will expect all students to engage with a short survey, which will be produced through SMHW about how they have found the week useful and so we can find out how the Careers team can you support you further

We would strongly encourage you to spend as much time as you can on this programme this week, it has been produced nationally and a huge number of big organisations have contributed.

Please feel free to ask any questions or just let us know how you are getting on
